### **Eligibility for monthly Internet service discount and discounted connected device**

Because your child attends a CEP School, you are eligible for the Federal Communications Commission's (FCC) Affordable Connectivity Program (ACP). The ACP is a federal program to help eligible households pay for Internet service. The ACP provides a monthly discount of not more than \$30 per month on broadband service and associated equipment (for example, a modem) for eligible households and not more than \$75 per month for households on qualifying Tribal lands. If your household chooses a plan from a participating provider that costs \$30/month or less, your household will receive that service for free.

Some participating program providers also offer discounted connected devices (a laptop, a desktop computer, or tablet) through the ACP. Households participating in the ACP are eligible for a one-time benefit of up to \$100 off one connected device as long as the household contributes more than \$10 and less than \$50 towards the cost of the device. Each participating household is limited to a single device discount.

### **How to apply**

To apply, you can fill out an application (either [online](#), by mail, or through a [participating service provider](#)) and submit a copy of this letter as documentation verifying your child/children receives school is designated as CEP.

If you have questions about the ACP, your eligibility to participate, or to find information about participating providers near you, please visit <https://getinternet.gov/>, call 877-384-2575, or email [acpsupport@usac.org](mailto:acpsupport@usac.org).
