Good Morning,

We are continuing our efforts to respond to the ongoing Coronavirus issue as quickly as possible with the information that is provided to us. This communication includes information about how we will continue to provide meals to our students during the extended school closure and how students can access the school to pick up necessary materials.

### Food Service:

Food Service will continue to provide meals to our students each day school would normally be in session starting on Thursday, March 19th. Each delivery will include a breakfast and a lunch. The following is the plan to distribute food:

- **Walkers:** Food will be available to walkers by the doors on the west side of the building near the bus garage between Cafeterias A and B from 8:30 - 2:00. Stop by the door to pick up food. You will not need to enter the building.
- **Bussers:** For those who ride a bus, busses will deliver breakfast/lunch beginning Thursday. More specific details will be forthcoming.

### Student Medications:

Please contact the nurse in your school building by Tuesday afternoon if you need to pick up your child's daily medication.
